

### **Keerthana M**

Highly efficient algorithm  
Used in real time prediction  
Deployment in Cloud server  
Deployment in Mobile and web applications

### **Krishnapriya S**

User friendly interface for Application development  
More detailing about the algorithm and it's usage  
Scanner integration  
High Accuracy level

### **Maheeraj J.F**

Deployment in cloud server  
High accuracy for testing  
Deployment in Cloud Server  
Efficient Image classification

### **Mannoj @ Ramnadan A**

Study and compare between different ML models  
High accuracy level in early prediction  
Scanner integration  
User friendly interface

### **TOP 3 IDEAS**

- 1) Scanner integration**
- 2) User friendly interface**
- 3) High prediction accuracy rate in early stage**
